

## DVD LITERACY PROJECT

Please send a book to school with your child on or before  
Monday of next week.

To prepare for next week's recording, please help your child choose a favorite book to read from (a short passage is suggested or 1-2 pages of a chapter book) and talk about during taping. Please do not worry if your child cannot read yet, we will have them talk about the book instead. We will also ask them the following questions. Please review these with your child so that they are familiar with them. Thanks for your help with this fun project!

### Questions:

1. What is your name?  
What grade are you in this year?  
Who's your teacher?
2. What is the name of your favorite book?  
Who is the author?  
Why is this one of your favorite books?  
Could you briefly tell us what your book is about or read a part of it?
3. What is your favorite subject? Why?  
What kinds of things do you do that make it special?  
What is your favorite special? Why?
4. What is the most interesting thing you have done this year? (It could be a field trip, a special project, etc.) We will also ask them about specific happenings from their year which the teachers will provide for us.
5. What would you like to be when you grow up?
