

Snowman Snow Measuring Sticks: (Medium Difficulty)

Material:

Strips of wood 12 inch by 1 inch (you can purchase rulers if easier, but it's more expensive)

White craft paint

Acrylic sealer spray

White Foam sheets (or pre-cut foam shapes)

1 orange foam sheet

1 or 2 sheets of felt

google eyes

glue dots

Black sharpies

Wooden stars (optional - could also use stickers or glitter glue)

1. Prior to social: Depending on your time, prepare a few items before the social.

- Painted wood strips white. let dry
- Seal paint with an acrylic spray
- Cut out orange carrot noses from orange foam sheet

2. At Social:

- Children apply marks on ruler in approx 1 inch increments with a black sharpie. Label marks 1 through 12, from bottom of ruler to top.
- Cut out snowman shape from white foam sheet (this can be done ahead of time/or you can purchase pre-cut shapes)
- Color hat of snowman black with sharpie. Color black buttons on snowman with sharpie, and draw a smile on his face.
- Put black lines across carrot foam shape with sharpie, to make it look like a carrot.
- Attach two google eyes, a carrot nose and a star to snowman with glue dots.
- Tie felt strip around your snowman's neck.
